Short Tips

* When I was a teen I started the web through Front Page on win95. After that, I was excited by Dreamweaver on winXp!

* I delegated the sending of my CV to someone who is applying for this job, so it might be possible that we do not fit each other in more detail.

* Please visit my website before the interview. Thanks.

I obtained some certificates as proof of my prior experience. I am a firm believer in documentation, books, and receiving a certificate at the end. The best resource for any kind of learning is the official documentation websites.
